Passionate and versatile **full-stack software developer** with experience in modern development stacks including JavaScript, React, Node.js, and various database management systems. Brings a diverse background in **communications, project management, and technology** to the table.

EXPERIENCE

Communications Director Temple of the Way of Light

05/2014 - 07/2022

Iquitos, Peru / Remote

- Developed and launched a web-based medical intake and booking system that set a new standard for safety in the industry, improved organizational efficiency, and reduced liability.
- Directed front-end website design and development in WordPress.
- Oversaw all communication planning and development.
- Spearheaded the creation of new programs and designed bespoke collaboration agreements.
- Provided key support to NGO & fledgling sister organizations in systems development and campaign design, raising over €150,000 in funding.

Project Coordinator Crown Colony Construction

01/2010 - 05/2014

Wethersfield, USA

- Collaborated with private clients to design, stage, and quote residential remodeling projects.
- Managed sub-contractors to ensure high-quality workmanship and adherence to project timelines.
- Handled accounting and bookkeeping operations, administered payroll, and managed purchasing of materials and services.

Project Manager Corporate Translations
